Mission Statement

It is the mission of Fraser Department of Public Safety to provide a safe and orderly environment for residents, businesses and visitors while enhancing the quality of life in our community.

Core Values

Public protection and service is the recognized duty and charge of the Fraser Department of Public Safety. Our values reflect the principles, goals and operating philosophy our department is based on. Although we may need to balance them, we never ignore them.

Integrity: We value ethical conduct, honesty and truthfulness. We do what is right, pursuant to law and ethical standards, whenever we make decisions, engage in actions, or refrain from taking action.

Respect: We value the safety and dignity of human life committing ourselves to treating everyone with compassion, respect, and concern.

Laws and the Constitution: We believe in the principles embodied in the Constitution and enforce the federal, state and local laws. We respect the rights of the citizens treating them fairly without favoritism.

Problem Solving: We listen to complaints and the explanation of problems and work with citizens to resolve the underlying cause of crime, disorder and disruptions of the community.

Professionalism: As Public Safety Officers, we recognize the duties and responsibilities of our chosen profession. We commit ourselves to fulfilling our duties and skills in a manner that benefits our community.

It is my pleasure to present the 2013 Fraser Department of Public Safety Annual Report. Once again, it has been a very productive year. Our department is consistently performing police, fire, and medical services.

Each year we strive to improve our efficiency by frequently training, upgrading our technology, and performing the necessary maintenance to our existing equipment. It is also my goal to continue to improve the image of our public safety building.

Because we are so busy, our department consists of many disciplines including a Communications Division, Criminal Investigations Division, Special Investigations Unit, Traffic Unit, DARE/Crime Prevention, School Recourse Officer, and a K-9 Unit. During the course of the year, our agency receives state and federal monies in order to conduct selective enforcement details such as Click It or Ticket and Drunk Driving. We also conduct liquor and fire inspections throughout the year.

Our Families Against Narcotics organization continues to grow each year. We have several chapters throughout Michigan established to support and educate the public on addiction. Remember, we have a drug disposal box located within our public safety lobby. It is imperative that all unused or expired medications should be properly disposed of. There is no cost to the public for disposing unused medications.

This year our department purchased several computers for our report writing room and our Special Investigations Unit. In addition, we upgraded our Forensic Recovery Evidence Device. With this new technology, our department computer expert can explore and download cell phone information in order to enhance our criminal cases. We also implemented crime mapping which allows our department to identify certain crime areas within the city. This allows us to develop a strategic plan in order to reduce or eliminate certain crimes. We also upgraded our public safety website and made it more user friendly.

What makes our department so successful is the assistance we receive from our citizens. When in doubt, call us. We are a 24 hour operation and work seven days a week. Be safe.

A handwritten signature in black ink that reads "George T. Rouhib Jr.".

George T Rouhib Jr.
Director

History of Fraser Department of Public Safety

In the early 1950s, the village of Fraser was a small but stable community with minimal crime and traffic. The village officials asked Herman Jacob to patrol the village in the afternoon after he completed the day shift while working full time at Chrysler. When the Village agreed to hire him, Mr. Jacob was promoted to Constable and patrolled the area while driving or walking with his dog. If a problem occurred, the citizens would call Constable Jacob at home to report illegal activity.

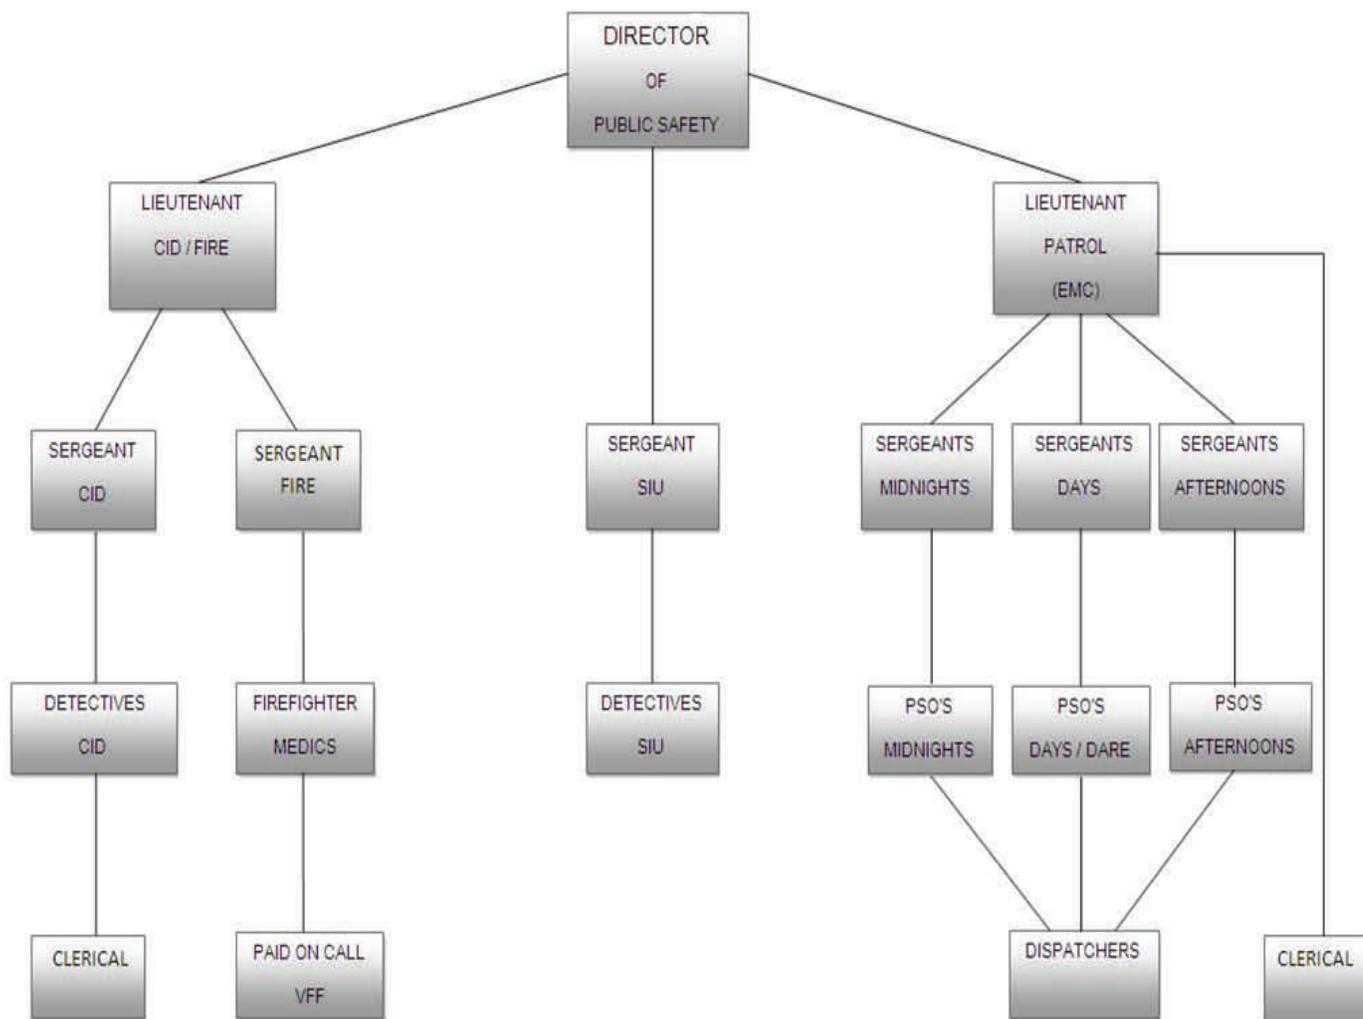

In 1955-56, as the population grew, Fraser became an incorporated city and hired additional officers to the department. Constable Jacob was promoted to the Chief of Police. Chief Jacob then hired six officers who had access to two patrol vehicles. During this time, the volunteer firefighters in the city became full-time firefighters.

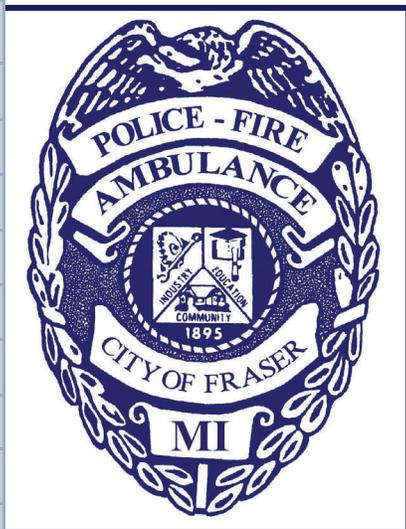

In 1972-73, the Fraser City Council passed an ordinance requiring the department to incorporate under the public safety concept. Under this theory, both the police officers and firefighters were cross-trained to perform dual roles. As this concept grew, the department hired additional officers to serve the growing community.

Today, the Fraser Department of Public Safety has rapidly progressed to higher levels where police, fire, and emergency medical service operations are combined. The officers work in a technological environment that consists of in car digital cameras, radar, mobile data computers, and computer aided dispatch. The officers are fully trained in the use of firearms, taser, chemical spray, and defensive tactics. The fire division is equipped with the best technology available in aerial fire apparatus and stretcher equipment.

Organizational Chart

Staff Summary 2013	Title	2013

Staffing History and Profile

Special points of interest:

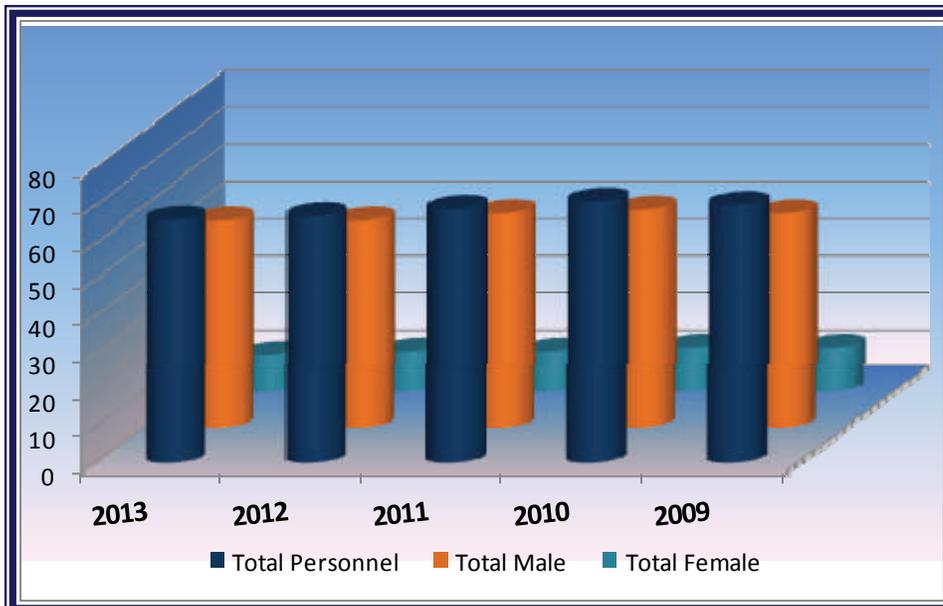

- Average age of our PSO's is 39
- Average age of our command staff is 48
- Average age of our civilian personnel is 46
- Average years of service for our PSO's is 17 year's
- Average years of rank for our command is 12 years

In 1955, Fraser Department of Public Safety consisted of nine officers. In 1990, Fraser DPS hired the first female officer and has continued to grow. Currently, Fraser DPS is staffed with 32 male and 3 female officers, with a total of 35 sworn officers.

Departmental Strength (sworn and non sworn personnel)

	2013	2012	2011	2010	2009
Total Personnel	66	67	69	71	70
Total Male	56	56	58	59	58
Total Female	10	11	11	12	12

Departmental Strength includes sworn officers, paid on call firefighters, dispatchers, medics, administration and clerical staff.

AWARDS GIVEN FOR ARSON FIRE

On March 28, 2013, the Fraser Department of Public Safety responded to a house fire in Fraser.

The house was fully involved in fire upon arrival.

Department members determined the male resident was unconscious in his bedroom where there was heavy fire and smoke.

Public Safety Officer Scott Witkowski and Public Safety Officer Scott Matthew began a rescue of the subject. Fraser Paid on Call Firefighter William Nolan and Paid on Call Firefighter Bob Beauregard entered the room through a window

to assist with the rescue. All four were able to lift the large male resident out of the window where he was transported to the hospital and survived.

The cause of the fire was determined to be arson. Several fires were set in the house using lighter fluid and road flares.

The four department personnel were awarded the Medal of Bravery and Life Saving Award by the Public Safety Department.

They were also awarded Firefighter of the Year through the Macomb County Fire Chief's Association and recognized for this award by Senator Sander Levin.

Lieutenant Michael Pettyes
Patrol Division Commander

Education

- Bachelors of Science Degree, Eastern Michigan University (1993)

PROFESSIONAL AFFILIATIONS

- Member of the Macomb County Police Chief's Association

Lt. Mike Pettyes has been with the department since 1995 and is currently overseeing the Patrol Division.

- Patrol/Fire Division
- Promoted to Sergeant in 2002
- Promoted to Lieutenant in 2011
- Former Patrol/Fire Division Sergeant
- Former Narcotics Investigator
- Former Fire Division Training Coordinator
- Currently the Emergency Management Coordinator
- Emergency Medical Technician-1998 to present

The Patrol Division has always been the heart and soul of the agency and to this day is still widely known as an aggressive traffic enforcement agency. We accept this reputation proudly. Some of the duties of our Public Safety Officers assigned to the Patrol Division include:

- Provide immediate response to emergency situations
- Conduct preliminary investigations of crimes
- Enforcement of state and local laws
- Traffic enforcement
- Alcohol enforcement
- Accident investigation

FIREARMS TRAINING

With 1 Sergeant and 4 PSO's trained as Firearms Instructors, all sworn personnel train semi annually at the Macomb County gun range.

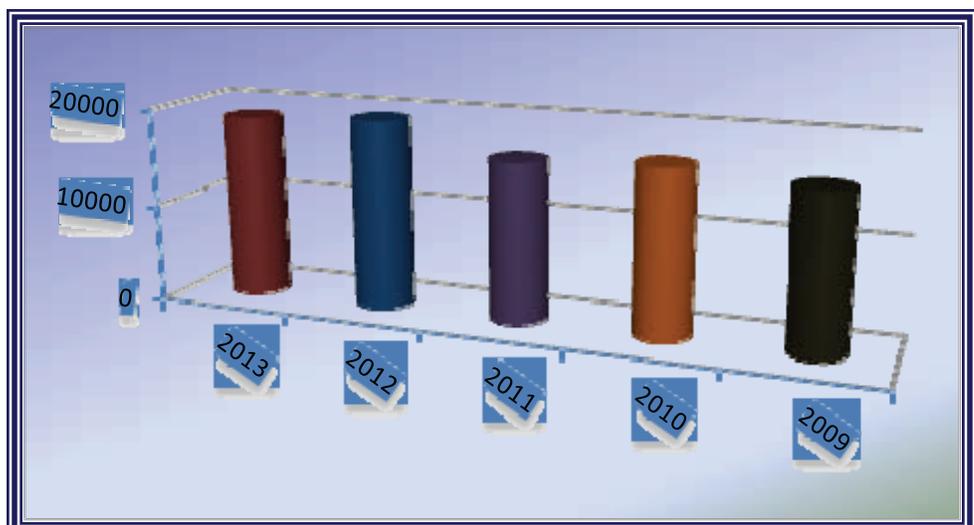

Officers training includes:

- Glock 40 caliber handgun
- Taser
- Remington 1187 12 gauge shotgun
- Colt AR 15 223 rifle
- Shooting situations

Calls for Service:

- 2013 calls 15,880
- 2012 calls 16,896
- 2011 calls 16,269
- 2010 calls 19,285
- 2009 calls 18,692

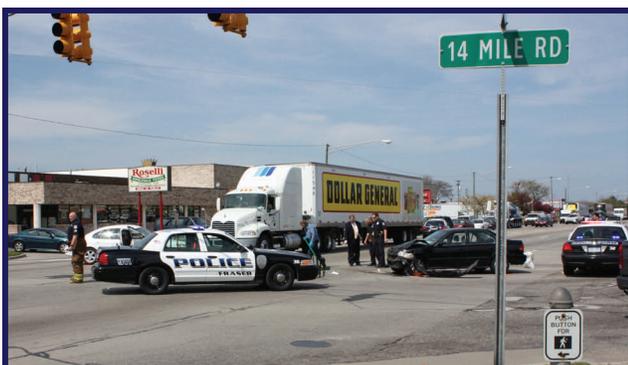

Patrol Division Stats 2013

- Calls for service 15,880
- Adult arrests 1,401
- Juvenile arrests 32
- Drunk driving arrests 95
- Citations issued 8,095
- Vehicle pursuits 5
- Use of force incidents 6
- Vehicle accidents 3 involving officers
- Citizen complaints 8

ADDITIONAL FACTS ABOUT PUBLIC SAFETY:

- All officers are cross trained as Police Officers and Firefighters
- 27 are Emergency Medical Technicians (EMT)
- 2 are Paramedics
- All officers complete a minimum of 8 hours of police, fire and medical training each month
- All officers qualify in firearms twice a year

EVIDENCE TECHNICIAN UNIT

Eleven specially trained officers are responsible for recovering and processing crime scene evidence. Some of the duties include:

- Identifying, collecting and preserving trace evidence
- Identifying, developing, and lifting latent fingerprints
- Documenting crime scenes through photography, video, diagrams and drawings
- Digital photography of major accident scenes

**Accident Investigations
for 2013:**

Fatal Accidents
1

Personal Injury Accidents
103

Property Damage Accidents
312

**MOTOR CARRIER
ENFORCEMENT**

Fraser DPS has (7) Public Safety Officers trained in motor carrier enforcement. This specialized training certifies them to uphold all state, federal and local motor carrier laws.

- In 2013 a total of 119 motor carrier violations were issued.

MOTOR TRAFFIC BUREAU

Two of our officers are part of a dedicated Motor Traffic Bureau, assigned to the strict enforcement of all motor vehicle laws. These officers can regularly be seen riding one of the two motorcycles owned by the department.

These officers provide:

- Speed enforcement and other hazardous moving violations within the city
- Investigate accidents
- Investigate citizen complaints regarding traffic issues
- Patrol our parks
- Crowd control

K-9 Officer Niko

K-9 Officer Vandervord and K-9 Niko were involved in several cases resulting in the capture of criminals, location of an endangered person, confiscation of drugs and seizure of money in 2013.

K-9 Niko assisted Macomb County Sheriffs Department in locating a suicidal subject who had taken pills and walked into a wooded area with a gun. Subject was located in the wooded area under a tree and was taken to the hospital for evaluation.

K-9 Niko also located a retail fraud suspect who fled on foot after stealing over \$500 in merchandise from our local Meijer store. The suspect fled on foot from the Meijer store and was located at a nearby golf course under a pine tree.

2013 Stats:

- 65 incidents
- 5 surrenders without bite
- 36 narcotic sweeps
- 25 tracks
- 6 school sweeps
- 3 missing person
- 27 mutual aid requests
- 6 misdemeanor arrests
- 3 felony arrests
- \$7,357 cash seized
- 82 grams narcotics seized
- 224 hours training

A traffic stop made by K-9 Officer Vandervord resulted in the driver running on foot. K-9 Niko located the subject near the railroad tracks after he ran from his vehicle. Marijuana and prescription pills were confiscated as a result of this traffic stop along with cash.

These are just a few of the incidents K-9 Niko was involved in during 2013. Niko continues to be an asset to this department. Officer Vandervord continually trains with Niko to keep his tracking and detection skills up to par. They both attend training twice a month and also attend a week long training school each year.

Drug Recognition Expert

FRASER'S DRE OFFICER PSO Jack Simon

PSO Jacques Simon of the Fraser Public Safety Dept has completed specialized training that will enhance the department's ability to detect and arrest drivers under the influence of drugs

PSO Simon was one of 15 officers to take part in the state's first Drug Recognition Expert (DRE) course. DREs are trained to recognize signs of impairment in drivers under the influence of drugs other than, or in addition to, alcohol and to identify the category or categories of drugs causing the impairment. DREs conduct a 12-step evaluation process to make this determination.

PSO Simon took part in two weeks of instruction at the Michigan State Police Training Academy in Lansing and spent a third week conducting drug assessments at the Maricopa County Jail in Arizona. This facility processes an average of 900 inmates per day which provided officers the opportunity to conduct hands-on drug evaluations for all seven drug categories, a requirement of the course.

The DRE program, also referred to as the Drug Evaluation Classification Program, began in the 1970s with the Los Angeles Police Department. The program operates under the guidelines and direction of the International Association of Chiefs of Police and is supported by the National Highway Traffic Safety Administration (NHTSA). There are more than 7,300 DREs across the nation. Nationally, 18% of all drivers killed in crashes in 2009 tested positive for drugs, according to NHTSA. In Michigan, 20% of drivers killed tested positive for drugs.

Defensive Tactics

Instructors

Sgt. Christopher Ashley

PSO Renee Campion

PSO Jack Simon

Our department instructors teach the PPCT (pressure point control tactics) system of defensive tactics. PPCT is a research based on use of force system that focuses on nerve pressure points and nerve motor points to control subjects. PPCT consists of joint lock take downs, defensive counter strikes, pressure point control, handcuffing techniques and weapon retention. Our instructors also teach the advanced PPCT courses of Ground Avoidance/ Ground Escape (GAGE) and Spontaneous Knife Defense. GAGE teaches officers how to avoid being taken to the ground in a struggle and also how to escape from a ground assault. Spontaneous Knife Defense teaches officers how to react to a knife assault at a close range. Officers are trained throughout the year in defensive tactics in an effort to enhance their skills and knowledge of PPCT.

PPCT Techniques

- Principles of controlling resistive behavior
- Response Training
- Handcuffing
- Joint Locks
- Pressure Point Control
- Countermeasures
- Neck Restraints
- Weapon Retention and Disarming
- Impact Weapons

Sergeant David Bisby
Supervisor

Fraser's Special Investigations Unit (SIU) currently consists of two public safety officers, and a public safety sergeant. Individuals are assigned to the unit for a pre-designated period of time. The unit is responsible for investigating a variety of crimes including (but not limited to) narcotic, gambling, prostitution, and alcohol related offenses. The SIU is also utilized to assist in other police related matters. Examples include; surveillance operations, affidavit and search warrant drafting, and search warrant executions.

The SIU detectives have gone through extensive training and experience and can covertly obtain the information necessary to combat crime. They have been utilized by the department in a variety of scenarios including surveillance of crime "hot spots", apprehension of violent criminals, and as embedded officers at public events.

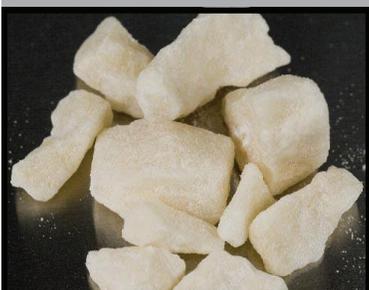

Craig's List Burglary

On November 12, 2013, a victim reported that his self storage unit had been burglarized. Later in the day, he reported that the stolen merchandise was now for sale on Craigslist. A second victim from the same self storage complex reported having items taken that were also for sale on Craigslist. Undercover officers made purchase of one of the stolen items. After it was verified by the victim, a search warrant was executed at the Eastpointe residence. There, over 100 pieces of property were seized, including 2 vehicles, a motorcycle, 2 trail bikes, 2 handguns and numerous hand/power tools. Three felony arrests were made as a result of the investigation.

Narcotic Bust

After receiving a tip from a confidential source, undercover officers made 8 purchases of various narcotics from several individuals in apartments in the Aspen Creek Apartment Complex in Chesterfield Township. According to officers from other agencies, the narcotics problem was vast in the complex but they had not yet been able to infiltrate the seedy underworld keeping grips on addicts in the area. In May of 2013, after a 4 month investigation, a search warrant was executed after the last purchase which resulted in 2 felony arrests, 7 misdemeanor arrests, and the seizure of several grams of heroin, crack and over 40 grams of marijuana.

2013 Statistical Counts

81	Complaints Investigated
18	Arrests
65	Narcotic Transactions
22	Vehicles Seized
5	Search Warrants Executed

Grow Op

During the midnight hours of 7/7/2013, officers were called to a residence on 14 Mile Road for a report of a structure fire. Once the fire was extinguished, officers began investigating the cause and checking for fire extension. During that period, a marijuana grow operation was located in the basement. Detectives from the Special Investigation Unit were summoned to process the scene and help with further investigation. There were 53 marijuana plants growing in the residence, over 145 grams of loose marijuana, hash oil, and 9 branches ready for processing that contained numerous marijuana "buds".

Narcotics Seized	Quantity
Marijuana	1020 grams
Cocaine	5.5 grams
Vicodin	182 tablets
Diazepam	12 tablets
Crack Cocaine	2.1 grams
Heroin	5.3 grams
Oxycontin	48 tablets
Xanax	112 tablets
Morphine	32 tablets
Marijuana Plants	88 plants
Codeine	217 tablets
Alprazolam	7 tablets
Estimated Street Value of Narcotics	113,476.00

Lieutenant Dan Kolke
Criminal Investigations and
Fire Division Commander

EDUCATION

- Associates Degree in Criminal Justice
- Graduate of Police Staff and Command Northwestern University

PROFESSIONAL AFFILIATIONS

- Member of the Macomb County Police Chief's Association
- Secretary of Macomb County Fire Chiefs Association
- Member of Macomb County Fire Mutual Aid Association
- Member of National Fire Protection Agency/ International Code Council
- Member of International Arson Investigators Association

Lt. Dan Kolke has been with the department since January of 1990 and has held many positions. He is currently supervising the Criminal Investigations and Fire Divisions.

- Graduated from Macomb Police and Fire Academy's (1990)
- Promoted to Sergeant (1998)
- Promoted to Lieutenant (2002)
- Emergency Medical Technician
- Certified NFPA Fire Inspector
- Media Relations/Public Information Officer
- Certified Arson Investigator through the Michigan State Police and Pro Board

Criminal Investigations Division

The Criminal Investigations Division (CID) consists of one Lieutenant, one Sergeant, two Detectives, one Prisoner / Property Officer and one secretary.

CID is assigned criminal reports from road patrol.

Detectives in CID conduct follow up investigations including interviews of victims, witnesses and suspects. Once their investigations are complete, warrant requests are completed and forwarded to the prosecutor's office or city attorney. Detectives are then in charge of cases to their conclusion in the court system

One of the detectives investigates crimes involving juvenile suspects. This detective also works as a liaison with Fraser Public Schools to handle all criminal complaints in the schools.

Liquor license background investigations are completed in this division when businesses are requesting licensing through the Michigan Liquor Control Commission. Annual sting operations are conducted at all businesses in the city with liquor licenses to assure compliance to all laws.

CID completes all backgrounds on applicants for pawn shops, second hand, and precious metal businesses. Detectives also handle all enforcement of these stores. The department continues to use "Leads on Line" which is a computerized system to track all business transactions for pawn shops, second hand stores and precious metal businesses.

2013 Stats

- ◆ 1,799 reviewed criminal complaints
- ◆ 787 cases assigned to detectives
- ◆ 107 warrants obtained
- ◆ 23 juvenile petitions obtained
- ◆ 35 sex offenders monitored

Armed Robbery

In April of 2013, an occupied apartment was broken into by two males. The homeowners were a handicapped elderly male and his son. They were duct taped and pistol whipped. While being held at gunpoint, the son was able to get away. He jumped from the second balcony of his apartment and sought help. The suspects fled with cash and electronics. A piece of duct tape used by the suspects to cover a peep hole in the apartment across the hall was processed and a fingerprint developed. From this one fingerprint, a male from Eastpointe was arrested. He was convicted on two counts of Armed Robbery and Felony Firearm.

Criminal Investigations Property Room

The departments property room is managed by the Criminal Investigations Division. Evidence is transported to the Michigan State Police Crime Lab for analysis by detectives.

Criminal Sexual Conduct

In July in 2013, detectives investigated a 37 year old male resident who was committing sexual acts on teenage boys in past years. Teenagers looked up to him as a father figure. He was charged and found guilty of 22 counts of Criminal Sexual Conduct. He was sentenced to 47 years in prison and will have to register as a sex offender.

Larceny

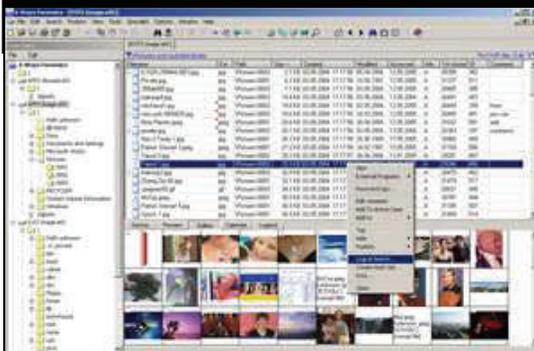

In October of 2013, a representative from a local church advertised for a contractor to replace their roof. They agreed to pay the company a deposit of half of the cost of the roof replacement and pay the difference upon the completion date. The contractor later advised he completed the roof and the balance was paid to him. The following week, a church member climbed to the roof tower and discovered that no work had been done.

Detectives were able to identify and find the suspect. He was charged with Larceny. The media was informed and several other churches in the tri-county area reported they had been victimized in the same way.

Cyber Crime Investigation & Digital Forensics Unit

To date, the Cybercrime and Digital Forensic Unit has been involved in multiple investigations of cybercrime, specifically cyberstalking, fraud, and various other computer related offenses. Computer Forensic examinations have also been carried out to assist in narcotic, gambling, and death investigations. The unit has worked to assist area departments with computer forensic examinations. The unit has also expanded its forensic capabilities now having the ability to perform forensic examinations on cellular phones and similar personal data accessories. PSO Eric Myers has also obtained certification as an AccessData Certified Examiner (A.C.E.)

Communications

Communications Center 2013

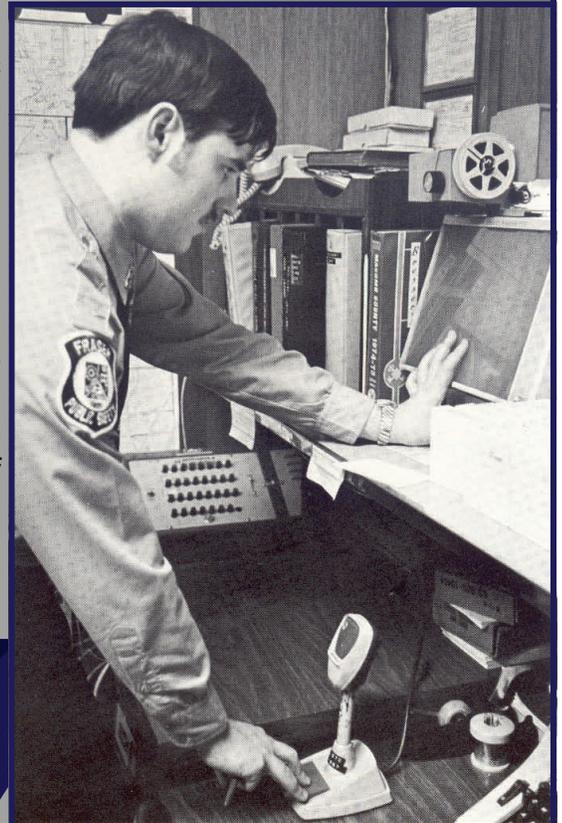

The Communications Bureau is staffed with five full-time and one part-time dispatchers and are supervised by the duty sergeant. The communications bureau is staffed 24 hours a day, 365 days a year. The communications personnel handle all dispatching for police, fire and medical emergency. They also have additional responsibilities for

answering all incoming non-emergency telephone calls, monitoring all police and fire radios, updating the Computer Aided Dispatch Computers (CAD), greeting citizens entering the lobby, and monitoring all cameras for the interior and exterior of the building.

Each dispatcher is trained in Medical Priority Dispatching through National Academy (NAOEMD). This training allows them to give medical instructions, such as CPR, choking or breathing difficulty's over the phone to a caller until the medical personnel arrive. As with the public safety officers, the dispatchers update their training throughout the year.

Over the years, the communications center has become more technological integrated through the use of wireless computers such as CLEMIS. CLEMIS is a CAD system and data management system for both the dispatchers and officers. The dispatchers are able to send information through a wireless computer system to the police vehicle. This allows them to determine the officers time of arrival, disposition of the run, and when they have cleared. It also allows the officer to view all information the dispatcher has entered at the time of the call, making a safer response for everyone.

Communications Center in early 1970's

Fraser PSO on the Macomb CO SWAT TEAM

The Macomb County SWAT team consists of sniper and entry teams. PSO Nagle is a member of the entry team.

In 2010, PSO Rob Nagle was selected to be a member of the Macomb County Special Weapons and Tactics (SWAT) team. The Team consists of 28 officers from various departments including , Fraser, Utica, Chesterfield Twp, and the Macomb Co Sheriff's Department. Also included in the team, are 4 paramedics from Medstar. The team is specially equipped and trained to respond to many types of critical incidents. Previous PSO's that have served including Sgt Bisby, which was our first officer, who served over 4 years and PSO lafrate who served 5 years.

Macomb County Swat Team trains extensively to keep their certifications for a Type 2 SWAT team according to the Department of Homeland Security

Lieutenant Dan Kolke is the Fire Division Commander. He oversees all duties of the fire division.

The Fraser Department of Public Safety Fire Division is responsible for providing fire protection and advanced life support services to the City of Fraser.

Sgt. McDill is assigned to the fire division to complete fire inspections of all businesses in the city. He also conducts fire training for all fire personnel twice a month.

Three department personnel have been trained to investigate cause and origin at fires.

Four Firefighter / Paramedics are assigned to three platoons to provide advanced life support and fire response.

Personnel assigned to the division are also responsible for ordering fire and medical supplies, conducting daily vehicle checks and managing all equipment on the trucks and in the fire garage.

The department operates 4 fire emergency vehicles.

A 2007 Pierce 85' aerial platform fire truck is our main fire attack vehicle. It is equipped with compressed air foam (CAFS) to extinguish fires in $\frac{1}{4}$ the time of water.

A 1997 Ford KME fire truck is used on all injury accidents and has a Phoenix jaws of life along with other rescue equipment.

A 1991 Ford Grumman 50' aerial ladder fire truck is used as an additional fire truck at fires and for mutual aid to surrounding cities.

A 2012 Chevrolet / Medtec paramedic ambulance is used for response to medical emergencies in the city.

FIRE INSPECTIONS

The department completed fire inspections on businesses and multi family dwellings. Businesses are checked for any fire hazards including emergency exit access, emergency lighting, updated fire extinguishers and storage of dangerous chemicals. All fire sprinkler systems or cooking grill hood systems are also inspected. The goals of the inspections are to protect employees, the community and firefighters. When problems are found, the businesses have a specified period of time to fix the problems. If they are not fixed, they are issued a violation and the business owner is required to go to court.

The Fire Division works closely with the city's building department to assess what is needed on any business structures being built or modified.

HAZARDOUS MATERIALS TRAINING

The city has five 302 sites in the city which the state deems as high hazard businesses. Special safety measures are in place at the businesses and the Public Safety Department has special written procedures on how to respond to emergencies at these businesses. All members get extra annual training at these businesses.

EMS LOAN CLOSET

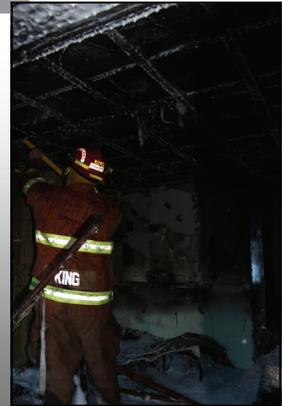

The Public Safety Department has canes, walkers and wheelchairs on hand for residents to borrow when they find the need to use these items.

The equipment can be obtained by contacting public safety dispatch.

M-97 Motel

On January 9, 2013 the Fraser Department of Public Safety responded to the M-97 Motel on Groesbeck for a fire. A fire attack stopped the fire spread from one room to other attached rooms. The cause of the fire was determined to be careless smoking with only minor injuries to the patron in the room.

Flamingo Motel

On January 17, 2013 the Fraser Department of Public Safety responded to the Flamingo Motel on Groesbeck for a fire. The fire spread through the common attic areas of the business causing heavy fire damage to most of the attached buildings. The cause of the fire was determined to be electrical. Two fire personnel suffered from smoke inhalation.

Fire Division Training

Fraser PSO's attend at least 8 hours of police & fire training per month. Paid on Call Firefighters attend at least 4 hours of fire training per month.

PAID ON CALL FIREFIGHTERS

In 1988, the Public Safety Department created the position of paid on call volunteer firefighter. When it is determined there is a fire, the paid on call firefighters are called in to assist the full time department at the fire.

The paid on call firefighters have donated thousands of dollars of fire equipment to the Public Safety Department over the years

The seventeen members are closely involved in our community. In 2013, the firefighters hosted their Annual Open House where they teach fire safety tips to children of all ages. They also demonstrate firefighter techniques and serve food and drinks to all who attend. To end the year on a good note, the firefighters drove Mr. & Mrs. Claus to Fraser in Truck 1.

All firefighters are trained at Firefighter II, which is the State of Michigan's mandated training level. Each member is required to work in the Fire Division at least ten hours a month and attend a minimum of one training session with Public Safety Officers each month.

PAID ON CALL FIREFIGHTERS

Twenty Five Years of Duty, Dedication, Commitment and Community Service 1988 - 2013

In April of 1988, The City Council approved the implementation of the Fraser Volunteer Firefighters Association. Known today as The “Paid on Call Firefighters”. After the thirty members graduated from the fire academy in 1988, the firefighters donated all the minimum wages they were paid to go to school and training back to the City of Fraser. With those wages they purchased their turnout gear and the equipment needed to start fighting fires and to respond to medical emergencies and also protect the community and its residents and persons visiting and or traveling thru the city limits. The Firefighter Association was initiated to provide support for the full time Public Safety Officers. It currently has a membership of seventeen firefighters. All firefighters are trained at the level of Firefighter II through the State of Michigan Firefighter requirements. Each member is required to work in the Fire Division at least ten hours a month and attend at least one training session with Public Safety Officers each month. Many of the Paid on Call Firefighters perform additional duties including, Executive Officers, Platoon Leaders, Honor Guard Members, RIT (Rapid Intervention Team Members), Training and Safety Officers, Emergency Medical Technicians and Paramedics. These firefighters donate many more hours than required, sometimes putting twenty to forty hours a month of donated time. They would tell you they do it to achieve the association’s goals, but mainly do it for the love of the job and to support their community.

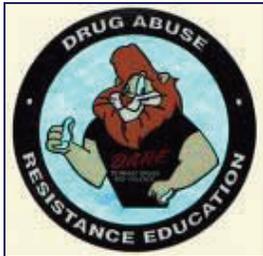

PSO Renee Campion

- Special points of interest:**
- Drug test kits available through the records bureau
 - Personal safety programs offered for all ages
 - Senior safety programs
 - Family meetings/discussions for families
 - Child Identification Kits

The Drug Abuse Resistance Education (DARE) and Crime Prevention Unit provides our community with many educational programs. Officer Renee Campion works closely with our elementary schools teaching the DARE program. The 17 week program teaches sixth grade children about the dangers of drugs and how using drugs like tobacco, alcohol and marijuana can have a negative impact on their life and those around them. DARE also teaches kids about peer pressure, personal pressure, respect, self-confidence and the importance of being a leader. PSO Campion is dedicated to her role as the DARE Officer. Officer Campion also visits both the middle and high schools, providing follow up lessons on the consequences of drug use and negative behavior.

Officer Campion works closely with the neighborhoods, seniors and other community members offering them information on crime prevention. PSO Campion has provided many programs for the community including senior safety seminars, babysitting classes, personal safety programs, crime prevention programs and much more.

Annual
DARE Golf
Outing

**Fraser Dept. of Public Safety's 21st Annual
D.A.R.E. Golf Scramble
August 12, 2013**

DARE and Crime Prevention

This year 9 DARE classes were taught in the Fraser School District with over 240 graduating students. PSO Campion also presented a Stranger Safety program to students in Kindergarten through third grade and a drug power point to Mark Twain 6th graders.

Officer Campion taught a 2 day babysitting class for 30 kids from 11-14 years old. The kids learned first aid/CPR familiarization, basic child care, infant child care and safety steps.

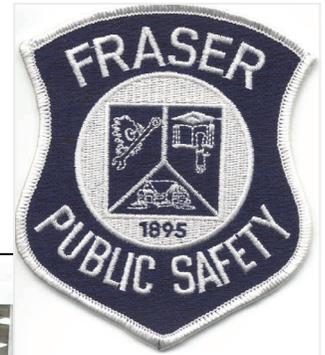

DARE Drug Display

OUR ANNUAL COAT DRIVE

Our annual coat drive provides new coats, hats, and gloves to needy children. The annual coat drive is held between November and December each year. Through monetary donations, 20 additional new coats were purchased. The schools also contribute by creating "mitten trees" that help with the program.

Shop with a HERO

For the last few years, Fraser Public Safety has worked with our local Meijer store coordinating our “Shop with a Hero” program. This year, we were able to take 45 needy children on a \$100 shopping spree. Funds are contributed by Fraser Meijer, and supported by the DARE program.

Families Against Narcotics, also known as FAN, was formed in 2007 by the surrounding Fraser community and our department after there were several overdose deaths related to opiate abuse. Since then FAN has grown and has added five chapters throughout the state. FAN's mission:

To raise awareness of the prescription opiate drug abuse epidemic, to reduce the stigma and change the face of addiction, to educate about the dangers of prescription drug abuse and its potential to lead some to illegal narcotic use and to support those affected by drug abuse or addiction.

In 2013 FAN attended and presented at over 50 different community events, conferences, and seminars to continue its mission. Some of the events included: The Opiate Drug Summit in Lansing hosted by Blue Cross Blue Shield, Monroe Drug Summit, presented to doctors and health professionals at Henry Ford Hospital, sponsored and attended the Fed-UP Rally in Washington DC. FAN spoke to hundreds of students in different districts including, Fraser, Utica, Warren, Lanse Cruese, Chippewa Valley, Lakeview, Rochester. FAN also partnered with Henry Ford Macomb Hospitals to host the Prescription Narcotic Abuse and Addiction Epidemic Conference at Macomb Community College. Over 200 doctors and health professionals attended this conference.

FAN held 2 successful fundraisers in 2013 including the 5th Run Drugs Out of Town 5k/10k run and the Fan Fall Fest at Villa Penna. Between these two events, FAN raised over \$100,000 to continue its mission. FAN also launched public service announcements on Comcast and at AMC and Imagine theatres.

FAN continues to grow with the mission that "no family suffers alone." In 2014 we hope to grow even more and to share FAN's vision – coming together as a single voice to change the face and stigma of addiction.

Records Bureau
586-293-2000 ext 209

Nicole Reinhardt
Records Bureau

Duties of the Record Bureau

- Freedom of Information Act requests (FOIA)
- Handgun registration and dealer permits
- Data entry
- Management of all police reports and insurance requests
- Records retention
- Ordering of all equipment and supplies
- Maintain attendance, vacation, and compensation records
- Coordination of all crossing guards
- Compile and complete records auditing for state mandates
- Record checks

2013 Records Processed:

- * 271 FOIA requests
- * 520 gun purchase permits
- * 1 dealer permits
- * 502 guns registered
- * 622 record checks
- * 554 warrant notices
- * 114 warrant cancelations

The Records division is staffed with one full-time clerk and is responsible for a variety of duties. The Records Division is open Monday-Friday from 8:00 am until 4:30 pm.

2013 Honor Guard Details:

- Assisted with Six Firefighter funerals, One police funeral,
- Coordinate, manage the Honor Guard Detail for the State of Michigan Firefighters Memorial in Roscommon
- City parade, City Hall deck the halls, swearing in of new council
- Posted colors for Macomb County Chiefs Annual Dinner
- Posted colors for the 2008 Police and Fire Academies
- Special detail for September 11 Remembrance
- Posted Honor Guards and Presented American Flags at the National Firefighters Memorial in Emmitsburg MD.
- Trained other local Fire Departments in Honor Guard basic details and protocol.

In Memory

DAVID P. SUTTON

On March 3-4, 2000, the Fraser Department of Public Safety responded to numerous suspicious building fires that were ignited throughout the city. On March 4, 2000, Paid on Call Firefighters David Sutton and Robert Kokko entered a burning dwelling in attempt to rescue an elderly woman.

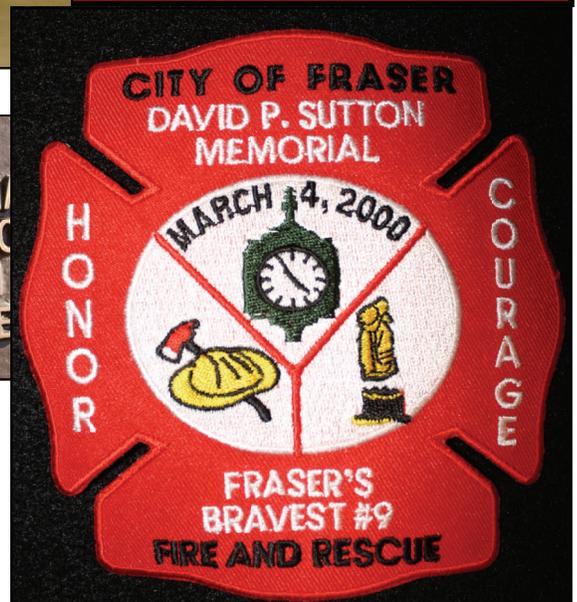

While in her residence, the fire flashed over trapping all three individuals. Unfortunately, David Sutton and the elderly woman died while Robert Kokko acquired several burns but was able to recover.

The fires were determined to be intentionally set but nobody has been charged with the crimes.
